INTRODUCTION

Avishkar, the flagship event of IEEE - VBIT SB, is a Technical Paper Presentation competition held exclusively for the freshmen of VBIT. In 2011, the IEEE - VBIT SB received the prestigious "Darrel Chong Gold Student Activity Award" in recognition to their outstanding achievement in organizing the event for five consecutive years. This year marks the 15th edition of the most eminent event with a new approach to pave an ideal path for students to enhance their technical cognizance and contrive mastery in advanced technologies. Avishkar induces students with professional presentation skills, enabling them to ameliorate their oratory skills and research adroitness.

WHAT IS AVISHKAR?

Avishkar provides an opportunity for students to exhibit their meticulous abilities and acquire new skills. Students will gain proficiency in diverse technologies and learn to pitch their ideas effectively. It provides students a platform for presenting their solution to a perceived global concern with the usage of various technologies. Avishkar plays an essential role in the future pursuits of the freshmen of VBIT. It comprises of two rounds:

Round 1: Preliminary round

Round 2: Final round

The preliminary round includes the segregation of participants into their assigned halls for the presentation. Ten minutes are allotted to each presentation, of which eight minutes are for the pitching and two minutes are for queries.

The ideas are assessed by a panel of judges and the top ten presentations are nominated to the next round. The top performers are recognized for their excellence by being awarded with mementos and certificates.
